## **Satellite Museums - 2017**

Satellite Museums 2017

We would like to clarify Grants and Charitable Solicitation Permits and the Museum Treasurer's Report for conventions.

### **Grants and Charitable Solicitation Permits**

The Utah Division of Consumer Protection has determined that DUP companies soliciting state grants in the amount of \$1500 or less are exempt from obtaining a Charitable Solicitations Permit but must apply for an exemption from registration when submitting a grant request. Camps requesting grants apply through their respective companies. Questions should be directed to Maryann Jensen, Assistant Satellite Museums Director (435-734-9272)

### **Museum Treasurer's Report at Conventions**

Questions arise regarding museum monies. Some museums feel they need not report since their funds are combined with camp/company funds or they don't want their accounts made public. Page thirty-two of our bylaws state that a museum board must maintain an accurate, separate accounting of museum funds. A copy of the museum financial record is to be sent to the company or camp treasurer. The form to be used can be found in the convention packet or on-line and will also assist with 501 (3)(C) status and the budget requirement in applying for grants. Questions should be directed to Kay Ann Saxton, Satellite Museums Director (307-789-3827) [irsaxton@allwest.net](mailto:irsaxton@allwest.net)

Thank you for your work in promoting satellite museums across the state. This past year satellite museum awareness increased within the DUP and throughout communities. At the 2016 Utah Museum Association Conference, the Weber County DUP Museum was host to an opening tour. Logan County and American Fork DUP Museums presented posters in the poster session. Daughters with cabins in Brigham City, Woods Cross, Morgan, and Plain City served on a panel discussion regarding DUP cabins. The American Fork DUP Museum Director served on another panel and ISDUP donated a basket to the silent auction. Morgan Company DUP and Logan County DUP Museum represented our organization at the state Capitol on Advocacy Day. A newspaper article and television interview promoted our museums. Sixteen museums sent pictures and stories of artifacts to be included in the monthly lessons and ten satellite museums have been featured in the lesson series *Museum Memories*. Many daughters have participated in local outreach programs. Stories about Jubilees and pioneer celebrations can be found on the ISDUP website. We encourage you to submit your activities to the *Legacy*.

We appreciate the opportunity to serve with you and extend our gratitude for your efforts.

Kay Ann Saxton
